

Welcome!

Thank you for your interest in the Georgia Gerontology Society (GGS). The Georgia Gerontology Society, founded in 1955, is a membership organization of multi-disciplinary professionals with a common interest in the field of aging. The purpose of the society is to provide opportunities to interact with Georgia's leaders in the field of aging by exchanging information and resources, to address the many challenges of a rapidly changing boomer population and to participate in rich programs that will reshape the future of aging. Promoting student scholarships and promoting career development in gerontology are among priorities.

Please take some time to navigate our new website to learn more about GGS. We depend on our membership for leadership and direction, so I hope that you will join us in "Promoting Quality Leadership in Aging".

Sincerely,  
Jennie Deese, President  
Georgia Gerontology Society
